

PANELS FOR BALCONIES

STRONG BRAND FOR BALCONIES

New building or renovation projects for residential and non-residential buildings confront the owner with challenges. A balcony isn't just a balcony anymore, it is an outdoor extension of an indoor living space. Selecting façade elements for balconies, more than ever, requires a blend of functionality and aesthetics. For over 55 years, Trespa has been supporting designers, builders, and owners to create beautiful and sustainable balcony and façade solutions.

As a specialist in exterior cladding, Trespa can help with the right design choice.

Housing complex | Barcelona | Spain

Hotel Caravel | Torbole | Italy

Housing complex | Hof | Germany

1 DESIGN FREEDOM

Trespa's wide range enables you to combine the colours of your balcony application with those of other parts of the building.

2 EASY ASSEMBLY AND MACHINING

The edges of Trespa® Meteon® do not require extra finishing; even sharp corners can be achieved without finishing. The risk of chipping on the edges is very slight; furthermore, various fixing methods are available to install Trespa® Meteon® panels.

3 **GUARANTEED PRODUCT QUALITY**

All Trespa® products are tested under extreme conditions. One of which is exposure of the panels to a climate (sun, rain and humidity) equal to the climate that prevails in Florida. Trespa offers a ten-year limited product warranty. Contact your local representative for further information.

Housing complex | Dresden | Germany

Angerhof | Augsburg | Germany

“In addition to quality aesthetics, Trespa® Meteon® panels are highly durable and perform exceptionally well outdoors. Trespa® Meteon® looks great for many years and contributes to beautiful and enduring balconies.”

Housing complex | Heidelberg | Germany

4 **MAINTENANCE-FRIENDLY AND EASY TO CLEAN**

The closed surface of Trespa® Meteon® practically withstands dirt accumulation, keeping the product smooth and easy to clean. Contaminants like soot, crayon, graffiti and even permanent markers can easily be removed if they are properly treated according to the Trespa cleaning and maintenance instructions (trespa.info).

5 IMPACT RESISTANT

Trespa® Meteon® has good impact resistance and safely withstands daily wear and tear.

Housing complex | Murcia | Spain

6 SUSTAINABLE

Trespa® Meteon® products contain up to 70% of natural fibres. The entire Trespa® Meteon® product range is now available with PEFC™ or FSC™ certification upon request, in restricted quantities and in certain jurisdictions.

Housing complex | Lisbon | Portugal

Private houses | Nürnberg | Germany

7 COMPETITIVE PRICE

Trespa® Meteon® is easy to customise and install. Trespa offers four different panel sizes which reduces cutting losses. By choosing the right fixing system, you can quickly complete installation. The ease of customisation and installation creates cost and time savings for project budgets.

DISCLAIMER

GENERAL

These terms apply to the use of this document and such use automatically means that the other party agrees to these terms. The information provided by Trespa International B.V. ("Trespa") in this document is solely indicative. Trespa is unable to warrant the accuracy and completeness of this information. Trespa may change the information included in this document at any time and without further notice. Trespa's customers and third parties must ascertain that they have the most recent document (for the most recent version, please consult: www.trespa.com). No rights can be derived from the information provided; the use of the information is at the other party's risk and responsibility. Trespa does not warrant that the information in this document is suitable for the purpose for which it is consulted by the other party. This document does not contain any design, structural calculation, estimate or other warranty or representation that customers and third parties may rely on. This document does not guarantee any properties of Trespa products. Colours used in Trespa's communications (including but not limited to printed

matter) and in samples of Trespa's products may differ from the colours of the Trespa products to be supplied. Samples are not intended for use in product tests and are not representative of characteristics of the Trespa products. Trespa's products and samples are produced within the specified colour tolerances and the colours (of production batches) may differ, even if the same colour is used. The viewing angle also influences the colour perception. Metallics panels feature a surface whose colour appears to change based on the direction from which it is viewed. The specified colour stability and colour specifications relate only to the decorative surface of the Trespa products, not to the core material and samples of the Trespa products. Trespa products are delivered ex-works with straight, sawn sides.

Customers and third parties must have a professional adviser inform them about (the suitability of) the Trespa products for all desired applications and about applicable laws and regulations. Trespa does not warrant the above. The most recent version of the current delivery programme and the Material Properties Datasheet can be found at www.trespa.info. Only the information in

the most recent and valid Material Property Datasheet should be used to select and provide advice regarding Trespa products. Trespa reserves the right to change (the specifications for) its products without prior notice.

LIABILITY

Trespa is not liable (neither contractual nor non-contractual) for any damage arising from or related to the use of this document, except if and to the extent that such damage is the result of wilful misconduct or gross negligence on the part of Trespa and/or its management. The limitation of liability applies to all parties affiliated with Trespa, including but not limited to its officers, directors, employees, affiliated enterprises, suppliers, distributors, agents, and representatives.

GENERAL CONDITIONS

All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related activities of Trespa are governed by the Trespa General Terms and Conditions of Sale (*Algemene verkoopvoorwaarden Trespa International B.V.*) filed with

the Chamber of Commerce and Industry for Noord- en Midden- Limburg in Venlo (NL) on February 20th, 2015 under number 24270677, which can be found on and downloaded from the Trespa website, www.trespa.com/documentation. All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related work of Trespa North America, Ltd. are governed by the Trespa North America General Terms and Conditions of Sale, which can be found on and downloaded from the Trespa website, www.trespa.com/documentation. A copy of these general conditions of sale will be provided free of charge on request. All general terms and conditions other than the conditions mentioned above are dismissed and do not apply, regardless of whether such terms and conditions are referred to on requests for offers, offer confirmations, stationery and/or other documents of the other party, even if Trespa does not expressly object to such terms and conditions.

INTELLECTUAL PROPERTY

All intellectual property rights and other rights regarding the content of this document (including logos, text and photographs) are owned by Trespa and/or its licensors. Any use of the content of this document, including distribution, reproduction, disclosure, storage in an automated data file or the dispatch of such a file without Trespa's prior written consent is explicitly prohibited. * Trespa, Meteon, Athlon, TopLab, TopLab^{PLUS}, TopLab^{ECO-FIBRE}, TopLab^{VERTICAL}, TopLab^{BASE}, Virtuon, Izeon, Pura NFC, Volkern, Trespa Essentials and Mystic Metallics are registered trademarks of Trespa.
